

## Company Profile

### Our Mission,

The **SHREYAS TURNKEY PROJECTS PVT. LTD.** Is an organization committed to provide comprehensive solutions for varied Fire Safety, security, surveillance and facility management needs by continuously evolving processes and train professionals towards creating a safe and secure environment for people at large.

### Our Vision

Emerge as one of the top leading organizations in the fire safety, surveillance and security arena with the efficient use of modern technology and to provide world class product and technology at the minimum cost to our valued customers

### About Our Organisation,

**SHREYAS TURNKEY PROJECTS PVT. LTD.** based in first city of India, we are pleased to introduce ourselves as an organization committed to the protection of life and property from the disaster called **FIRE**. Over the years we have been working to achieve our mission of safety and security for all of us. In doing so we ensure to offer the products and services in accordance to the latest developments in global standards and technology NFPA to our valued customers.

### Why Us,

We strongly believe in forging relationships rather than one time business deals, what makes us stand out in this competitive market is our focus on providing outstanding quality and support with unbeatable rates in the country. To achieve this **SHREYAS** has built a dedicated team catering exclusively to after sales support which can solve in less than 24 hours. **We have set up a 24 x 7 support centre** where all customers can register their queries and expect a resolution within the next 2 working days. We also have strategic partners across the country that can provide interim and timely support.

**To Sum it up.....** we are a group of dedicated and honest professionals looking to provide best in class service to our clients....
